

# Maternal Equity in the 4th Trimester: Promising Practices to Heart Health

Thursday, May 5, 2022  
2:00 - 3:15 PM ET

Join OASH Region 2 in a three-part webinar series aimed to address maternal health concerns and inequities in the postpartum period. The first session, *Promising Practices to Heart Health* will highlight innovative and evidence-based approaches integral in addressing complications related to hypertension and share tools to promote continuous care.
