Assistant Secretary  
for Health

## Public Health for Women, By Women:

A panel discussion with the female leaders of HHS Region 6

---

Monday, May 9, 2022

10:30am —11:30am CT / 9:30am—10:30am MT

---

Join OASH Region 6 as we kick off National Women's Health Week by sitting down with 5 female leaders in Public Health to talk about how they are protecting and promoting the health and safety of women and their experiences as female leaders in Public Health. Please help us share this event widely.

### We will be asking our leaders:

- What are their operating divisions doing to protect and promote the health and safety of women?
- What led them to the field of public health and how have their backgrounds and personal stories shaped them as female leaders?
- What advice do they have for aspiring female leaders in public health?
